Eucharistic Ministers – some guidance!

PLEASE DO	PLEASE DON'T
Move quickly forward to exchange the Peace of Christ with the priest and server. Eucharistic Ministers should then lead the congregation in the "Lamb of God" before retrieving the ciborium from the tabernacle.	Wait until the Peace of Christ has been exchanged with everyone close to you before moving forward.
Genuflect to the Blessed Sacrament now present on the altar as you approach the sanctuary.	Bow to the priest as you approach the sanctuary.
Consume the residue in the chalice after communion without waiting for the priest. If there is too much to consume by yourself, share with the server and/or the priest. Purify the chalice (and if offered by the priest the pattern and/or ciborium) at the credence table.	Return the chalice to the altar.
If a non-Catholic presents at the chalice with arms crossed, silently place a hand on their head.	
If the Blood of Christ should be accidentally spilled to the floor, cover this with a cloth from the credence table until after communion when the priest will deal with it.	Worry if something out of the ordinary happens (e.g. a visitor bringing the host to the chalice).
